

# The Creative Curriculum® Kits for Infants, Toddlers & Twos

## Connecting With Music and Movement

Each of our curriculum kits for infants, toddlers, and twos is designed to support a specific classroom experience. The materials in this kit support children in a variety of music and movement activities.

Young children enjoy discovering the new sounds they can make as they tap, shake, or clap these exciting instruments. Invite the children to practice their musical skills as you sing or listen to music. Encourage the children to experiment with the airy scarves by tossing them in the air, twirling them around, or using them to play a game of peek-a-boo.
