

The Creative Curriculum® Kits for Infants, Toddlers & Twos

Creating With Art

Each of our curriculum kits for infants, toddlers, and twos is designed to support a specific classroom experience. The tools and materials in this kit support children as they experiment with creating different types of art.

Whether you use this kit's materials indoors or outdoors, children will delight in seeing how they can make a mark on the world. This kit includes a variety of materials to be used with many different mediums such as paint, watercolors, or even just water! The brushes and tools included are all designed for young children to use with ease, and the no-spill paint cups and stand-up paint brushes make clean up a breeze.
