

The Creative Curriculum® Kits for Infants, Toddlers & Twos

Enjoying Stories and Books (Set 1 with Photo Mat)

Each of our curriculum kits for infants, toddlers, and twos is designed to support a specific classroom experience. This book set has a variety of books including classic children's stories, music-and-movement books, and books that depict real-life children and families.

This collection makes a wonderful addition to your classroom library. The included photo mat can be filled with pictures of children's families and has a mirror in the middle for the children to see their own smiling faces. Invite the children to snuggle up with the soft bunny as you read with them during any part of the day.
