## GOLD® Kindergarten Entry Assessment Survey

The **GOLD® Kindergarten Entry Assessment Survey** helps you save time entering checkpoint levels during the first checkpoint of the kindergarten school year. The survey asks you to compare students' knowledge, skills, and abilities with where we typically expect students to be when they enter kindergarten for each objective and dimension.

You can access the survey by selecting **KEA SURVEY** from the Assess area.

The survey also gives brief assessment prompts for many objectives/ dimensions to help you answer questions accurately. These assessment prompts are found on the left-hand side of each screen.

The survey questions help you focus on the indicators of the progression that describe kindergarten readiness. These questions appear to the right of the grey "Q:" above each progression.
