

Generating the Colorado Kindergarten Readiness Report

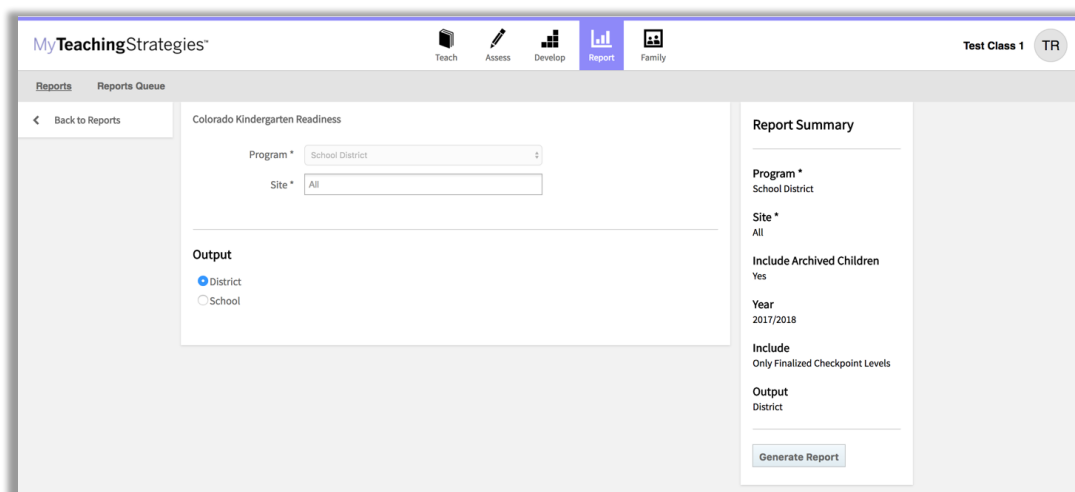

To support the Kindergarten School Readiness Annual Report, this customized report allows all schools and districts to aggregate and report on the Colorado State Board of Education approved data reporting elements of the *GOLD*® Readiness for Kindergarten Entry feature.

Program and site level administrators can generate the report by following the steps below:

1. Visit teachingstrategies.com and log in to *MyTeachingStrategies*™ as an administrator.
2. In the Report area, select **GO** under Colorado Kindergarten Readiness.

3. Use the **PROGRAM** and **SITE** dropdown menus to optionally filter down to a school district or school(s).
4. Verify the desired output by selecting either **DISTRICT** or **SCHOOL**.
5. Select **GENERATE REPORT**.

You will be taken to the Reports Queue, where you can download an Excel file with the report for district output or school output.

The screenshot shows the MyTeachingStrategies Reports Queue. The top navigation bar includes 'Teach', 'Assess', 'Develop', 'Report', and 'Family'. The 'Report' tab is selected. The 'Reports Queue' section displays a table of reports.

Title	Generated On	Status	Output
