

The Creative Curriculum[®] Kits for Preschool

Mathematics Kit

Mathematical learning encompasses not only learning about numbers and quantities but also patterns, measurements, shapes, and spatial relationships. This kit includes materials to support learning in all of these areas.

This set makes a great addition to the Toys and Games area of your classroom and includes materials that provide opportunities for authentic mathematical learning during all parts of the day. There are standard measuring tools included for children to explore volume, length, and weight as well as nonstandard units for children to use as measuring tools and for pattern making.

Mathematics Kit Materials

- 200 Math Counters
- Balance Scale
- Balance Blocks & Boards
- Measuring Cups
