

The Creative Curriculum® *for Infants, Toddlers & Twos*

**Expanded daily support, guidance, and inspiration
for teachers and caregivers of the youngest learners**

For nearly two decades, *The Creative Curriculum® for Infants, Toddlers & Twos* has supported teachers and caregivers as they create responsive daily routines and meaningful learning experiences for the youngest learners.

Now, our newest curriculum solution takes that support even further, combining *The Foundation*—three comprehensive volumes that explain theory, research, and best practices for providing responsive teaching and caring for very young children—with brand-new *Daily Resources*. This new, rich collection of resources helps teachers and caregivers put knowledge into practice and foster children's learning and growth.

New Daily Instructional Tools

With *Intentional Teaching Cards™*, *Mighty Minutes®*, *Book Conversation Cards™*, *Highlights Hello™* books, and more, the *Daily Resources* offer detailed guidance for providing intentional, responsive care and teaching during routines and learning experiences.

Research-Based Objectives

Thirty-eight objectives for development and learning at the curriculum's core enable teachers and caregivers to focus on what matters most for very young children.

A Focus on Routines and Experiences

The curriculum offers support for using routine times to nurture children's curiosity; help children feel secure; and create a language-rich environment full of warm, loving, and meaningful interactions. Plus, it includes guidance for engaging children in daily experiences, including playing with toys, imitating and pretending, enjoying stories and books, creating with art, and more.

Digital Resources

Programs also have the option to subscribe to digital curriculum resources that support a teacher's or caregiver's ability to plan and teach intentionally through individual child plans, including weekly and monthly planning calendars, *Intentional Teaching* and *Caregiving Opportunities*, and more.

Partnering With You

Implementing curriculum requires commitment. A commitment to learn and understand a new approach and a willingness to let the curriculum to intentionally guide your day-to-day actions. It may take some trial and error and sometimes some personal reflection on your own teaching practice.

We are excited to partner with you to support your implementation of *The Creative Curriculum*®, as you work toward creating an engaging and supportive learning experience for all the children you serve.
